About The Ottawa Hospital

Inspired by research and driven by compassion!

The Ottawa Hospital (TOH) is one of Canada's largest learning and research multi-campus hospitals. With more than 1,100 beds and approximately 12,000 staff members, we deliver specialized care to the Eastern Ontario region.

From the compassion of our people to the relentless pursuit of new discoveries, The Ottawa Hospital never stops seeking solutions to the most complex health-care challenges while continually engaging with the community to support our vision for better patient care.

Working together with its research institute, the University of Ottawa, and other partners, the hospital is continually gaining national and international recognition for high-quality patient care, teaching and research, while striving to meet the needs of the culturally diverse community we serve.

Position Information

This position is to establish competence in the theory and practice of radiation oncology physics.

Additional information about the position may be obtained from: Lesley Buckley, Ph.D., FCCPM, Program Director – TOH Radiation Oncology Physics Residency Program, lbuckley@toh.ca and our program website: <https://med.uottawa.ca/radiology/divisions/medical-physics/education/residency-program>
