Come work as a Medical Physics Resident with Vancouver Coastal Health (VCH)!

Vancouver Coastal Health is looking for a Medical Physics Resident to join the MI Quality and Safety team. This is a [CAMPEP](#) accredited residency program. [Apply today to join our team!](#)

As a Medical Physics Resident with Vancouver Coastal Health you will:

- Provide physics and other specialized skills to support the technical requirements of Medical Imaging.
- Be at the level of a trainee and operate under the direction of certified medical physicists. The Medical Physics Resident will be trained under the Diagnostic Imaging stream.
- Assist clinical and technical staff in the provision of high quality imaging
- Evaluate and troubleshoot the performance of all imaging systems
- Participate in the investigation of unusual or accidental exposures
- Participate in ensuring the safety of patients with respect to radiation
- Perform specification and comparative assessment of equipment at acquisition
- Teach aspects of x-ray physics and radiation protection to appropriate staff
- Maintain awareness of related computer technology and developments in software
- Participate in the design and setup of new facilities or imaging rooms as required

WHY JOIN VANCOUVER COASTAL HEALTH?

VCH is a world class innovator in medical care, research and teaching, delivering service to more than one million BC residents. At VCH, we embrace thinking boldly, taking smart risks, and "going first" when we believe it will lead to the best possible outcomes for patients and their families. We invite you to join us in creating healthy lives in healthy communities by showcasing our passion for care, connection to the communities we serve and our culture of teamwork that makes VCH a great place to work.

- Comprehensive health benefits package, including MSP, extended health and dental and municipal pension plan
- Grow your career with employer-paid training and leadership development opportunities
- Wellness supports, including counselling, critical incident and innovative wellness services are available to employees and their immediate families
- Award-winning recognition programs to honour staff, medical staff and volunteers
- Access to exclusive discount offers and deals for VCH staff

QUALIFICATIONS:

Education & Experience

- Master's of Science in Medical Physics or Doctoral degree in Medical Physics or Biophysics from a recognized program, or an equivalent degree accepted by the American Board of Radiology or Canadian College of Physics in Medicine as equivalent.
- Candidates from CAMPEP Accredited Graduate Program are considered an asset. (Students from non CAMPEP-accredited graduate programs may require course bridging)
- Valid Class 5 Driver's License to operate a vehicle in BC is required and access to personal vehicle. Travel within Lower Mainland Medical Imaging may require the use of a vehicle for which mileage and parking will be reimbursed in accordance with the organization's current Terms and Conditions.

Knowledge & Abilities

- Demonstrated ability to provide a high standard of medical physics services.
- Demonstrated interpersonal, organizational, analytical, verbal and written communication and teaching skills.
- Physical ability to perform the duties of the position.

Diversity, equity and inclusion are essential to delivering exceptional care and building a great place to work. At VCH, we value and accommodate unique differences to ensure that our staff and medical staff (both current and prospective) have the opportunity and are supported to thrive.

To build a strong and representative workforce, we are seeking candidates who will contribute to a caring and inclusive culture. We encourage applications from members of communities that are disadvantaged on any grounds under the B.C. Human Rights Code, including Indigenous Peoples, people of colour, people of all genders and sexualities and people with disabilities.
