

## Medical Physics Residency Position Available: BC Cancer - Kelowna

BC Cancer is currently inviting applications for a Medical Physics Residency position at BC Cancer – Kelowna in the CAMPEP accredited BC Cancer Medical Physics Residency Program (MPRP). The BC Cancer MPRP vision is to prepare leaders in Medical Physics. The program is a two year clinical training program covering all aspects of core radiation oncology physics (quality assurance, external beam treatment planning, brachytherapy, imaging in RT and radiation safety) as well as specialized techniques, professional issues and the opportunity to conduct a clinical project.

BC Cancer is committed to reducing the incidence of cancer, reducing the mortality from cancer, and improving the quality of life of those living with cancer. It provides a comprehensive cancer control program for the people of British Columbia by working with community partners to deliver a range of cancer services, including prevention, early detection, diagnosis and treatment, research, education, supportive care, rehabilitation and palliative care. BC Cancer operates six regional cancer centres in Surrey, Kelowna, Vancouver, Victoria, Abbotsford and Prince George.

The Medical Physics Residency position is available at BC Cancer – Kelowna, a dynamic full service cancer centre situated in beautiful Kelowna, BC. Kelowna is a full service center operating with 5 Varian linacs, a premier brachytherapy program, 2 GE CT scanners, orthovoltage and a PET facility. The potential resident will also get the opportunity to learn about adaptive RT through the Ethos System. The position commences July 5, 2022. Graduation from a CAMPEP accredited graduate or certificate program in Medical Physics is required; PhDs are preferred. Candidates are expected to adhere to the professional code of ethics developed by the Canadian College of Physicists in Medicine (CCPM). Highly developed team work and interpersonal skills are required. In accordance with Canadian Employment and Immigration, preference will be given to Canadian citizens and permanent residents of Canada; however all qualified candidates are encouraged to apply.

The start date for the position is September 1, 2022; the application deadline is June 29<sup>th</sup>, 2022. Applications must include a statement of interest, a CV and copies of official university graduate level transcripts. In addition, two references letters must be submitted directly from referees. Incomplete applications will not be considered. Submit all application materials by e-mail to:

Michelle Hilts, PhD FCCPM

Professional Practice Leader, BC Cancer Kelowna
