

2023 InterACTIONS Advertising

InterACTIONS is the quarterly newsletter of the Canadian Organization of Medical Physicists (COMP) and the Canadian College of Physicists in Medicine (CCPM).

With a readership of over 800 members across Canada and around the world, InterACTIONS is an excellent way to advertise medical physics related products and services. A move to digital-only distribution in 2023 (starting with the April 2023 issue), provides new benefits to advertisers including the ability to embed links into artwork.
